Good quotes:

Todd:

“FOSTER CONVERSATIONS THAT ARE FORWARD THINKING”

Gary:

Think outside of the box for Yellowstone National park

“Are we going to manage protect this ecosystem like we did in its creation 1872, with a 19th century mindset? Or are we going to think about Yellowstone in a connected way, looking into the future and seeing a connected landscape is an effective and sustainable landscape”

“Fragmentation is in our own back yard”
